Objective

A highly motivated Computer Science student seeking an internship opportunity to apply my skills in front-end development and contribute to innovative projects.

Education

Bachelor of Science in Computer Science
Quaid-i-Azam University, Islamabad

Expected Graduation: Feb 2026

Skills

- **Programming Languages:** HTML, CSS, JavaScript, C++, Python
- **Technologies:** GitHub, Azure

Projects

News Vine

Technologies used: Java, MySQL, GitHub, Azure

Developed a news aggregation platform that consolidates news articles from various sources, allowing users to search and filter news based on keywords and categories.

Basic Calculator

Technologies used: C++

Created a basic calculator application to perform simple arithmetic operations like addition, subtraction, multiplication, and division using C++.

Library Management System

Technologies used: C++

Developed a simple library management system to keep track of books, borrowers, and due dates using C++.

To-Do List Application

Technologies used: C++, SQLite

Built a to-do list application to help users manage their tasks and deadlines using C++ and SQLite for data storage.

Certifications

Introduction to Front-end Development
Issued by Meta

Date Obtained: 2023
